

WEKA Radar

Guided Wave Radar

- For Dual-Chamber-VLI or stand-alone
- In 4-wire technology
- Power supply 12...30 VDC
- Active 4...20 mA output, incl. HART®, programmable
- Programmable switching output DC PNP
- Single rod or coaxial probes
- For dielectric constant ϵ_r : single rod >1.8 / coaxial probe >1.4
- Resolution <1 mm, accuracy ± 3 mm
- Ex d version available
- Easy installation
